
Calmar Laser, Inc. and Zugo Photonics Sign Distribution Agreement

Sunnyvale, CA, Dec. 3, 2010---Calmar Laser Inc., a leading developer and manufacturer of ultrafast fiber lasers, and Zugo Photonics, a premier Asian regional distributor, specializing in photonics, industrial and scientific laser systems, are pleased to announce a distribution agreement, effective immediately. Under the agreement, Zugo Photonics, headquartered in Singapore, will have responsibility for all sales and support related activities of Calmar Laser's products in South East Asia, especially Singapore, Malaysia, Thailand, and Vietnam.

Zugo Photonics has an extensive customer base and an experienced sales team, which is well versed in broad-based photonics applications, perfectly suited to supporting Calmar's fiber laser solutions in the area of biophotonics, refractive surgery, micromachining, nonlinear optics, materials research, multiphoton microscopy, metrology, communications, ultrafast sampling, and terahertz generation, etc.

"Our products have a long and successful history in South East Asia," noted Dr. Peter Hu, Director of Sales and Marketing. "However, over the past few years we have significantly expanded our portfolio and moved into new applications space, particularly in the areas of biophotonics and materials processing. As a consequence, we felt it was important to team up with Zugo, who has a strong presence in Asia and excellent relationships with a multidisciplinary group of end users. The two companies combine complementary strengths but share a common goal of solving customer problems and achieving the highest levels of customer satisfaction. We are very excited about this new opportunity to expand our business globally"

"Zugo has been a leading Laser Source and Photonics products distributor for more than 16 years in South East Asia" said Mr. Sunny Tan, Managing Director of Zugo. "We believe in bringing in new technologies to our institute and industrial customers to develop new technologies and products. Our newly established relationship with Calmar will definitely benefit the potential user of ultrafast fiber laser in South East Asia."

About Calmar Laser

Calmar Laser manufactures innovative fiber laser and fiber amplifier solutions for OEM, industrial, medical and scientific applications. Since 1996 Calmar has been a key supplier and reliable OEM partner to customers for advanced high-speed test and measurement applications, optical communications, component characterization, material diagnosis, transmission, biomedicine and micromachining. Today, Calmar is an industry leader in supplying robust, compact, ultrafast fiber lasers designed for simple hands-off reliable operation. For more information about Calmar Laser, visit the Company's Web site at <http://www.calmarlaser.com/> for product updates.

About Zugo Photonics

Established in 1994, Zugo Photonics is the premier regional distributor in Asia, specializing in photonics, industrial and scientific laser systems, fiber optics components for telecommunications, optical networking solutions, infrared camera systems, and devices for semiconductor manufacturers. Zugo distributes a number of major brands that are reputable global market leaders in their respective fields.
